74 Squadron Weapons Qualification Course

Air to Air AIM-9

Ensure that:

- You have installed the latest version of DCS
- Your name in logbook (single player) is your normal flying name plus ID number ie 023 Danny
- The mission file (.miz) is put into:
  C:/users/yourname/saved games/DCS/missions
- You have read the A-10C manual, in particular the weapons employment chapter
- You have installed 476vFG Range Target Templates

General Notes

- It may take several attempts to complete the missions, stick with it. The more you practice, the better you will become.
- When you are happy with your performance, save the track file. It is located at:
  C:/users/yourname/saved games/DCS/Tracks
- .RAR or .ZIP the track and email to: RAFAIRDanny@outlook.com
- After emailing, practice the next lesson if you wish, BUT DO NOT SUBMIT ANOTHER TRACK UNTIL TOLD TO DO SO. This ensures no backlog of tracks and doesn't overload my inbox limit.
- Don't forget to file a PIREP for any training and flying the mission

Mission Specific Notes:

- Send one track of your AIM-9 mission
- Name as follows:
  AIM-9-your name
- When you start mission, choose role, scroll down to last aircraft, *WEAPONS QUALIFICATION AIRCRAFT,* and select.
